SUMMARY

Mern Stack Developer with a strong passion for creating responsive, user-friendly, and visually appealing web applications. Skilled in HTML, CSS, JavaScript, node.js, mongodb, wordpress and modern frontend technologies, with experience in building clean and interactive interfaces. Focused on improving user experience through creative design and efficient development practices. Seeking opportunities to grow as a developer while contributing innovative ideas to impactful projects.

EXPERIENCE

Frontend Developer

Jul 2025 – Sep 2025

DevelopersHub Corporation©, Islamabad, Pakistan

Worked as a Frontend Developer at DevelopersHub Corporation©, where I designed and developed responsive eCommerce website interfaces with a focus on modern UI/UX principles. Built user-friendly frontend layouts using HTML, CSS, JavaScript, and frontend frameworks to enhance customer experience and engagement.

Frontend Developer

Jul 2025 – Aug 2025

Elevvo Pathways, Cairo, Egypt

Worked as a Frontend Developer at Elevvo Pathways, where I developed a responsive personal blog website and interactive contact form using HTML, CSS, and JavaScript. Focused on clean UI design, mobile responsiveness, and improving overall user experience.

Database Assistant

Sep 2025 – Jan 2026

Institute of Business and Information Technology, Lahore, Pakistan

Worked as a Teaching Assistant for Database Management Systems (DBMS), assisting students with database concepts, SQL queries, and practical problem solving. Supported learning through guidance, technical discussions, and helping students understand core database fundamentals.

PF Assiatant

Feb 2026 – Jun 2026

Institute of Business and Information Technology, Lahore, Pakistan

Worked as a Programming Fundamentals (PF) Assistant, helping students understand core programming concepts, logic building, and problem-solving using C++. Assisted in guiding practical exercises, debugging code, and improving students' programming skills.
